i) The UK government and the United Nations have repeatedly stated their view that Israel's building of settlements in the illegally occupied West Bank and its annexation of East Jerusalem are in breach of international law. The UN has demanded that Israeli settlement activities and occupation should not be supported;

ii) we note that Veolia has accepted contracts in Jerusalem in contravention of International law and United Nations resolutions. In particular, it is a leading partner in the consortium to establish and operate a tramway between West Jerusalem and the Israeli settlement of Pisgat Zeev, which is in clear violation of international law and relevant United Nations resolutions;

iii) given Veoila's complicity in the illegal occupation of the West Bank, we, the undersigned, call on Birmingham City Council to terminate its waste disposal contract with Veolia.
